Education is the pathway to liberation, empowerment and transformation at the level of an individual as well as the society at large. Igniting this change through the right education for a child is a necessary step in the right direction. Every child should realize the true potential within and reach the pinnacle of success. Remember, a journey of a thousand miles begins with the first step. You can take it now and make it count.

Recognize the champion within. Trust us, every Jaipuria student is setting off towards one of the most rewarding journeys. Make your journey memorable with Jaipuria.

The school has a vision of a future which will be guided by the wisdom of the seers, leading India to glory and creation of a new world where relationships are governed by the spirit of universal fraternity. Empowering each child with the power of thinking, learning and doing, which would enlighten the conscious of many more and help the country to further greatness.

The mission of the school is to prepare children who have courage and heroism to demand from themselves tireless labour and inner discipline, directed towards self-control and selfmastery.

This school is engaged in providing facilities and opportunities to students to develop strong and healthy bodies, clear and wide minds, resolute will power and ever-widening horizons of knowledge and wisdom.

The school is dedicated to serve the highest interests of nation building that can ensure vast synthesis of knowledge and harmonious perfection of the individual and the collectivity.
I KNOW MY ROOTS.

GOALS

- To impart integral education, general as well as vocational to all, irrespective of caste, creed and colour, in an atmosphere of purity, efficiency, discipline and fraternity with special emphasis on moral and spiritual values and character building rooted in Indian culture.
- To ensure all-round development of integrated personality of the scholars through efficient education under guidance of highly dedicated and competent teachers.
- To provide training in leadership and experience in self governance through prefectorial system and other allied positions of responsibility.
- To promote the creative potential of children through art, dance, music and other forms of performing arts.
- To promote national integration and foster international understanding and brotherhood.
- To instill among learners an awareness for maintaining environmental purity and ecological harmony.
- To improve self-confidence and creativity through participation and involvement in co-curricular activities.
- To develop integrity and fullness of versatile personalities so that there is total dedication to the service to mankind.

Seth M. R. Jaipuria Schools derives strength and purpose from its roots in educational excellence.

Founded with a vision of a new world in which relationships are governed by the spirit of universal fraternity and guided by a galaxy of eminent leaders drawn from the fields of education, science & technology and industry.
A dancer, doctor, astronaut, engineer, sailor, entrepreneur, painter, zoologist or maybe the Prime Minister of the country - what is your child’s dream?

Every little mind has a dream. And every little dream must find the freedom and opportunity to realize itself. Dreams start with a thought that has the power to make us, mould us and define us. Each child too is blessed with the infinite potential to think and choose who he wants to be. The question is are we ready?

Seth M. R. Jaipuria School, Gida Campus, Gorakhpur brings a world of opportunities to inspire your child and facilitate his every little dream to find its fulfillment.

Come with us to celebrate the power of the mind.
Gorakhpur - one of the largest cities of Eastern Uttar Pradesh, is the land of educationists, freedom fighters, poets, writers and spiritualists. Here, the art, music and spirituality of Kabir, Gautam Buddha, Yogi Gorakhnath flows in every vein. The city is well recognized as a tourist spot, a den for scholars and the gateway to eastern India.

It has been associated with great literary figures like Munshi Premchand and Raghupati Sahay- Firaq Gorakhpuri. The city is also famous for terracotta art that has been appreciated in national and international markets. It offers a complete list of higher and professional education along with a safe, economical and enjoyable environment.

Mukhtar Ahmad Educational Society has been an epitome of excellence in the field of learning, nurturing young buds to develop into blooming flowers. The achievements of the students speak in volume about the innovative and earnest efforts of the society and staff. The academics, a healthy set of cultural and co-curricular activities help to serve a wholesome meal to satiate the hunger of aspiring socially responsible leaders of tomorrow.

The Society provides high quality education and overall development to children at Mount Heira International Academy and is now setting up Gorakhpur’s latest eduventure, Seth M. R. Jaipuria School, Gorakhpur at GIDA, which is a proposed CBSE school.

High quality teachers, intense training, globally benchmarked curriculum, state of the art infrastructure, modern and well-equipped labs and opportunity for children to excel - these are some of the features of Jaipuria School, Gorakhpur, where student will remain at the center of the teaching learning process. We are confident that this would be a landmark educational institution for the city of Gorakhpur.

An academic institute should stand for dreams, building of character & skills, and defining a person’s life. At Jaipuria, we understand that the years that a student spends with us would ‘shape or break’ that individual, so there is great power and greater responsibility in the hands of the school. The purpose of Seth M. R. Jaipuria School Gida Campus, Gorakhpur is to prepare a new generation of responsible social leaders that will help the world at large, be proactive to meet the global challenges of the 21st century and surpass beyond the realms of the ordinary. The entire value system of the school is driven around innovation, creativity and entrepreneurship. The underlying context is always that there should be the desire for excellence, zeal to go beyond the regular, and provide for growth and development of individuals and societies in the coming future.
It is said that a leader is born with the birth of every child. The only need is to provide an enabling environment, careful nurturing and effective use of their unbound talents.

At the school, our philosophy is to reduce pressure and carefully nurture the student’s hopes and desires while boosting self-esteem. We believe we all have the capacity to improve and learn. Children develop this capacity at different rates. And just like a potter molds clay, constant encouragement, immense hard work and love can mold students into future leaders.

Students at our school will not compete with each other, but with themselves by constantly raising their expectations and achievements. This will not only make them self-driven but also sensitive and empathetic to other’s failures and emotions. True learning comes through igniting the curiosity of each child and by guiding till they are free from fear of failures.

We seek to groom future leaders and ensure that each one is physically sound, mentally capable and emotionally secure to face challenges of life. We are but a guiding medium on their way to greatness ensuring they are not led astray.

**Message from the School Director**

I extend a warm welcome to you, as a parent, as a student who has shown interest in Seth M. R. Jaipuria School, Gida Campus, Gorakhpur.

We believe that each of our students is a unique individual with the equal potential to make a positive contribution to our school and global society. We nurture the skills and give chance to students to acquire the knowledge with the present need and future goals.

We develop the deep conceptual understanding and higher-level thinking skills for which we design enrichment activities, that enable the students to gain the practical experience and express true learning by doing the spirit of individual contribution for smooth progress.

We, as a management, have taken the innovative initiative to set up a fruit orchid, vegetable garden, compost making units, beekeeping station, and horticulture activity and many more spare time activities within school premises. The ambience and pristine surrounding of the School is extremely conducive for learning and healthy growth.*We foster inner discipline and a sense of order for social behavioural skills. Our goals for each child is to develop his/her potential through self-choice and self-expression, develop a sense of high self-esteem, build habits of concentration and persistence, to develop a positive attitude towards school and learning.

Let every little mind be free to go beyond classrooms and textbooks to ask questions, seek answers, explore and experiment new ways of learning.

At our school we believe education must inspire and plant an aspirational belief in impressionable minds in order to facilitate their all-round development.

Our goal, therefore, lies not in building school infrastructure alone but also in building more practical and application based education systems that nurture innovators, artists, thinkers, scientists and leaders of tomorrow. Learning and living a new perspective each day, the school helps its children in their journey from thinking to becoming.
At Seth M. R. Jaipuria School, your child benefits from a curriculum that is defined by self-learning. Inquiring, seeking answers, challenging facts and drawing their own inferences, each child finds freedom as well as requisite guidance to chart their unique learning path with joy and ability.

Curriculum Perspective

In the pre-primary years (Nursery to Grade 2), a teacher-led approach introduces the child to basic concepts and ideas. From primary years (Grade 3 to 5), the child gradually takes centre stage in the learning process with a certain degree of readiness to be accountable for his learning curve. In the middle years (Grade 6 to 8), the curriculum fosters an approach where the child is ready to lead and structure their own learning with confidence and ease.

Learner Centric Curriculum

The Jaipuria curriculum is an amalgamation of best practices from India and from across the world and is further adapted culturally to its Indian context. Using content maps for each subject, learning goals for each child and a set of summary sheets and lesson plans for each subject, the curriculum guides the child to realize their true potential. Strategically planned assessments during the course of the year systematically test development and growth achieved in the year gone by. This process helps both the child as a learner and the teacher as a facilitator to further plan learning goals for the year to come.
Jaipuria School is an experience children love to have every day. Having mastered the art and science of education, our proven ‘NO SCHOOL’ methodology has evolved to impart integral education over the last two decades. Dividing 14 years that a child spends at Jaipuria into 5 distinct stages, our innovative pedagogy and scientific approach used by experienced faculty addresses the unique needs of students in their varied developmental stages.

BEYOND ACADEMICS.
I AM NEW LEARNING

FOCUS OF THE MONTH

Children are exposed to one subject or theme in multiple ways throughout the month. This helps them connect to the subject at a metacognitive level of learning. Children gain insights and apply their knowledge through a list of activities which are mapped with their course content.

IDEAL

INTER DISCIPLINARY ENRICHMENT ACTIVITY FOR LEARNING

This unique method synthesizes learning from different disciplines to take children deeper into one chosen theme or concept. It allows for children to learn a more inclusive perspective at their own pace, and learn importance of peer-involvement & collaborations.
